Through the endless daydream I saw you on the way back There I walked with you in my arms

lAm7 D7 lBm7 E7 lAm7 D7 IG G7

Through the blurry darkness Who's veiling on the twilight We've been far away from my fears

lAm7 D7 lBm7 E7 lAm7 D7 IG G7

Somewhere else I'll see you Our days be like a blossom Blooming all around you so bright

lAm7 D7 lBm7 E7 lAm7 D7 IG

By and by I'll miss you and your laugh like a sunshine Fading into shadow of tears

lAm7 Bm7 lAm7 Bm7

All around me is your light With you everything so shines

lAm7 Bm7 lAm7 Bm7

How come we'll leave all behind? Cause your love is falling on my heart

And I'm falling for you Falling with broken wings again

Hush now my angel I will always be with you

In your pretty smile in a glow of tears Out across the frosty night I'll be there with you

Maybe someday you'll wake up alone without me

lEm7 A7 lBm7 C IC+ D7 ID7

But don't cry again I'll be waiting here Where the moon is on the rise. As the olden days

lAm7 D7 lBm7 E7 lAm7 D7 IG G7

I could just go with you between our time Where they can't find us somehow

lAm7 D7 lBm7 E7 lAm7 D7 lEm7 D7

You could just come away with me out there Where we could dream away All day

IG C ID7 G

Hush now my angel I will always be with you

lEm7 A7 lBm7 C IC+ D7 ID7

In your pretty smile in a glow of tears Out across the frosty night I'll be there with you

IG C ID7 G

Maybe you'll always breath in me ever in my heart

All the little pieces of you look how they shine above
