YELLOW SUBMARINES   BY BEATLES

```
        C                    Am
In the Town where I was born

        F                G
Lived a man who sailed to sea

        C                Am
And he told us of his life
        F          G
In the land of submarines

Chorus:
C                    G
We All Live in the yellow submarine

G
Yellow submarine

C
Yellow submarine.
```

```
        C                    Am
So We sailed up to the sun
        F                  G
Till we found the sea of green
        C                Am
And we lived beneath the waves
        F        G
In our yellow submarine
```
