

Honey Bee

Zee Avi

C E7

I am a honey bee,

Am

Shunned off from the colony

F G7 C

and they won't let me in

C E7

So I left the hive,

Am

They took away all my stripes

F G7 C

and broke off both my wings

C E7 Am

So I'll find another tree

F G7 C

and make the wind my friend

C E7 Am

I'll just sing with the birds

F G7 C

They'll tell me secrets of the world*

Am G7 C

But my other honey bee

Am G7 C

Stuck where he doesn't wanna be*

Am G7 C

But my darling, honey bee

F Fm

I'll come save you Even if it means I'd have to face the queen

So I'll come prepared,

Am

My new friends said they would help me

F G7 C
get my loved one back

C E7
They say it isn't right,

Am
The bees have control of your mind,

F G7 C
but I choose not to believe that

C E7 Am
So we'll meet in the darkness of the night,

F G7 C
and I promised I will be there on time

C E7 Am
We'll be guided by my new friends, the butterflies,

F G7 C
bring us back to our own little hive*

Am G7 C
Oh my other honey bee,

Am G7 C
No longer stuck where he doesn't wanna be*

Am G7 C
Oh my darling, honey bee,

F Fm
I have saved you And now that you're with me,

we can make our own honey
