

## Bitter Heart

Zee Avi

D GM7  
Sun rays come down as seen when they hit the ground,  
G A  
Children spinning around till they fall down down down.  
D GM7  
I wait for you: it's been two hours now,  
G  
You're still somewhere in town,  
A  
Your dinners getting cold.  
D GM7  
I rest my case you are always this late,  
G A  
And you know how much I hate waiting around 'round 'round,

Chorus:

G A G  
Bitter heart, bitter heart tries to keep it all inside,  
A G  
Bitter heart, bitter heart shadows will help you try to hide,  
A G  
Bitter heart, my bitter heart is gettin' just a little fragile,  
A  
Bitter heart, bitter heart of mine.

Verse:

D GM7  
And then you come and tell me the same reason  
G A  
as you did yesterday, So tell me what's her name?  
D GM7  
Doo doo da dum, doo doo da dum, doo doo doo doo doo da  
G A  
da dum dum, da da da da dum, da da da da dum, da da da da dum.

Chorus:

G A G  
Bitter heart, bitter heart tries to keep it all inside,  
A G  
Bitter heart, bitter heart shadows will help you try to hide,  
A G  
Bitter heart, my bitter heart is gettin' just a little fragile,  
A  
Bitter heart, bitter heart of mine.  
D GM7 G A D  
of mine, of mine, of mine, of mine, of mine.
